**Designed in  
Denmark and shaped  
with function, flow,  
and feeling in mind**

**Product Catalogue**

**TEMPERATURE  
RESISTANCE**

70°C for 2 hours

80°C for 1 hour

135°C for 35 minutes

## **Transportable, lightweight, stackable and dishwasher-safe**

Improved buffet flow, intuitive progression and smooth traffic. Simply a new buffet choreography. Functional and designed to stack neatly to maximize storage space and fit perfectly in both standard and industrial dishwashers.

## **Made to last**

Solid, sturdy and highly resistant to wear and tear. The lightweight yet extremely durable material means less replacement, lower cost and minimal maintenance.

Though highly durable and break-resistant, sharp utensils like knives may leave marks or scratches on the surface of the plates.

## **With a circular mindset**

The resilient, robust and reusable material is made from 50% PEFC-certified wood from sustainably managed forests and 50% PP plastic. All Luups products can be melted down and reshaped into a wide range of new products.
